Accommodations!
To keep costs low, we will be staying in hostels in Berlin. Here are some of the hostels that are possibilities for Berlin...

New Website!

I have set up a new website to share information on the trip as it comes in. You can visit it at fraudunning.weebly.com. Various travel documents, links and newsletters are posted there. This now includes a fundraising tracker!

I'm looking for a hostel that has private bathrooms and offers breakfast. More often than not, breakfast at the hostel will be cheaper and more sustaining than anything we can get in a café, and the Germans, as a rule, don't do breakfast in restaurants.

Fundraising Policy

Only students who participate in fundraising activities will receive the profits. Each student will have a timecard, and will log their hours work. Before departure, students will receive a percentage based on the hours they worked.
